Overall Crime Increases Slightly During Third Quarter of 2001

Montgomery County Chief of Police Charles A. Moose today announced a modest increase in overall crime and a slight decrease in total Part I crimes within the County during the first three quarters of this year. Part I crimes are defined as murders, rapes, robberies, aggravated assaults, burglaries, larcenies, and auto thefts. Uniform Crime Reporting (UCR) statistics for the first three quarters of 2001, as compared to the same period last year reveal:

- Total Crime increased by five percent
- Murders increased 83 percent, from six to eleven
- Rape incidents decreased by 15 percent
- Robberies increased nine percent
- Aggravated Assaults increased by two percent
- Burglaries decreased by 11 percent
- Larcenies decreased by three percent
- Auto thefts increased by eight percent

- Total Part I Crime decreased by three percent
- Total Part II Crime increased by 10 percent

The number of murders increased from six to eleven, the number of rape incidents decreased from 127 to 108, and the number of robberies increased from 521 to 569. Aggravated assaults increased from 611 to 622, burglaries decreased from 2,806 to 2,491, and larcenies decreased from 13,862 to 13,465. Auto thefts also showed an increase from the comparison period, from 2,106 to 2,278.

(More)

In making today's announcement, Chief Moose reminded residents that Montgomery County is still a relatively safe community for a county of its size. Chief Moose commented: "Although serious crimes continued to decrease slightly, homicides increased during this reporting period. And, while I realize that homicide is probably the one category of serious crime that neither the police nor the public has much control over, even one homicide is too many. I am pleased that rapes have continued to decline, by 15% during this period. And, we know that in the vast majority of cases involving both of these crime categories, the victims were acquainted with the suspects."

Chief Moose continued: "Auto thefts, however, are up by eight percent, in spite of our continued educational campaign to educate motorists to lock their vehicles and not to leave them unattended and running. So, I know that there is much more that we, as a community, can do to reduce crime. And, what continues to concern me most is that we are still seeing too many people either dying or becoming seriously injured on our roadways. Montgomery County has made it a high priority to address traffic and pedestrian safety through a coordinated response involving education, enforcement and engineering improvements. Last year, there were 65 people killed in traffic collisions, and 14 of them were pedestrians. We have, and we will continue to support the efforts of the County Executive's Blue Ribbon Panel, other County agencies, and the community to keep traffic and pedestrian safety in the forefront. And, we will continue and even increase our enforcement and educational initiatives by our police officers to address traffic safety and under-aged drinking."

Note: A complete crime report is available for pickup at Montgomery County Police Headquarters, Media Services Division, 2350 Research Boulevard, Rockville, Maryland 20850
